EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Edward Dutkiewicz on 9 May 2005.

The application has been amended as follows:

On page 11 of the specification, in line 3 of the last paragraph, replace "Kevlar" with --Kevlar ®(aramid synthetic fiber)--.

In claim 2, line 28, change "adaped" to -adapted--.

REASONS FOR ALLOWANCE

2. The following is an examiner's statement of reasons for allowance: The closest prior art of record, Lindsay et al (U.S. Patent No. 6,701,637) and Kadowaki et al (U.S. Patent No. 5,626,822) both fail to teach or suggest the claimed invention. Specifically, although Lindsay et al teaches applying a pressure to the fibrous web, the pressure is applied axially and Lindsay et al does not disclose a chamber enclosing the device wherein an elevated pressure is maintained within the chamber. Therefore, Lindsay et al fails to provide motivation for using a pair of input rollers and a pair of output rollers adjacent the input and output slots, wherein the pressure rollers

are adapted to assist in precluding the loss of high pressure within the chamber. Similarly, although Kadowaki et al discloses applying pressure to the currency with the application of heat, this pressure is applied axially and Kadowaki et al does not maintain a pressurized atmosphere within the chamber. Thus, Kadowaki et al fails to provide motivation for using a pair of input rollers and a pair of output rollers adjacent the input and output slots, wherein the pressure rollers are adapted to assist in precluding the loss of high pressure within the chamber.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
